

WHAT IS CLAIMED IS:

Sub 1. A plasmid containing a p53as cDNA sequence.

2. The plasmid of Claim 1 wherein a portion of the p53as sequence is identical to a portion of wild type p53 gene from an animal.

Sub 3. The plasmid of Claim 1 wherein the p53as naturally occurs in a mammal.

4. The plasmid of Claim 1 wherein the p53as is mouse p53as.

Sub 5. A viral vector containing a p53as cDNA sequence.

Sub 6. The viral vector of Claim 5 wherein the vector is baculovirus vector.

7. The viral vector of Claim 6 wherein a portion of the p53as sequence is identical to a portion of a wild type p53 gene from an animal.

Sub 8. The viral vector of Claim 5 wherein the p53as naturally occurs in a mammal.

9. The viral vector of Claim 6 wherein the p53as naturally occurs in a mammal.

10. The viral vector of Claim 5 wherein the p53as is mouse p53as.

11. The viral vector of Claim 6 wherein the p53as is mouse p53as.

Sub C3 12. An antibody wherein the antibody is directed against at least a portion of human p53 intron 10 sequence encoding SLRPFKALVREKGHRPSHSC. *3*

13. The antibody of Claim 12 wherein the antibody is a polyclonal antibody.

14. The antibody of Claim 12 wherein the antibody is a monoclonal antibody.

Sub C3 15. A plasmid containing a human p53 gene intron 10 sequence encoding at least a unique part of SLRPFKALVREKGHRPSHSC. *Sequence I.D. not*
